The Loser - Mountain of Four Seasons
GROUP TRAVEL

WELCOME.

Where community reaches the summit

Discover the magical mountain world of the Loser in Altaussee. Our resort is the perfect base point for your next group trip - in every season. Let yourself be enchanted by breathtaking views, enjoy first-class cuisine and create unforgettable moments together in the pristine nature of the Salzkammergut.

We look forward to welcoming your group and creating a stay that fits exactly to your wishes.

THE NEW PANORAMABAHN

Comfortable. Modern. Scenic.

With the barrier-free panorama cable car, your group glides over the Ausseerland to one of the most beautiful viewpoints in the Salzkammergut.

Once at the top, the circular hiking trail 'Archduke Johann' around the crystal-clear Augstsee beckons, reachable in just a few minutes. Sure-footed hikers are rewarded for the ascent to the famous 'Loserfenster' or Loser summit with a fog-free box seat view of the Dachstein glacier.

The team at Loseralm, directly next to the mountain station, pampers hikers and those seeking relaxation with

regional specialities on the large sun terrace.

What Empress Sisi already loved is the most popular adventure mountain in the region today: A majestic jewel between Upper Austria and Styria that provides the perfect trail for nature lovers and peak conquerors alike.
